We have yet to get to Jason given all the other stuff. We need a note to Nancy so she doesn't get surprised.

I just reached Jane (while still on VRE, you'll be comforted to know). Anyway, Jared calling with Arvin in a few - good chance Nancy will be on it (as she and Arvin both at Admin Staff mtg now).

Jane also reached Benita and filled her in.

Had to leave at 1 to pick up Kari at Dulles, and missed a call from Jane Diamond. She was alerting me to a 10:45 (assume 1:45, aka about now) call on Cargill. Anyway, I'll be driving soon and can't participate - so sharing with you if you want to check with Jason on what's up.
